	Water & Electric Site (no patio)		Water
	Tent Site (no hookups)		

MAP NOT TO SCALE

Full Hookup RV Sites

All of our full-hookup sites include water, sewer, 50/30 amp power and cable TV. Your choices are location and site amenities.

PREMIUM PATIO RV SITES are long pull-thru BIG RIG sites that feature large stamped-concrete patios. They are located in both **SUNSET ACRES** and the end-caps in the "A" section.

UPGRADED PATIO RV SITES feature large concrete patios. These include BIG RIG pull-thrus in **SUNSET ACRES** as well as larger back-ins in both **SUNSET ACRES** and the "B" section.

STANDARD PATIO RV SITES feature smaller, basic concrete patios. They are located in our "A", "C" and "D" sections. The "A" sites are pull-thrus designed for BIG RIGS while most of the "C" and "D" sites can handle RVs up to 40' with the tow vehicle disconnected.

WOODED RV SITES are woody back-in sites, most of which sit by the rim of a wide, heavily-wooded ravine. These sites **DO NOT** have patios.

Economy RV SITES include both shorter pull-thrus and back-ins in an excellent central location. They **DO NOT** have patios. If your RV is 30' or less, these sites offer a lower-priced, practical choice.

Water & Electric Sites

These sites (no cable TV or patios) are in our "C" and "E" sections. "C" sites have 50/30 amp power and are suitable for RVs. "E" section sites mostly have 20 amp power and are best for pop-ups and tents. E76, E77, E97 and E98 have 50/30 amp power and can handle mid-sized RVs.

Tent Sites

Our "E" section tent sites are no-hookup sites that are close to our pavilion bathroom as well as to Kamping Kabin and Kottages.

Group Tenting

We also have 2 group tenting areas that can easily accommodate larger groups. We maintain about 50 picnic tables and fire rings in these areas. Please note that these areas are a bit further from the bathrooms.

"Lodging the KOA Way"

Camping in KOA lodging is family-friendly, easy and FUN! Kamping Kabin is the clear economical choice but when you want it all, then you just have to have a Kamping Kottage.

A Kamping Kabin is a cozy, comfortable, secure sleeping room(s) with electricity and air conditioning. While they don't have bathrooms, we located ours close to one of our clean, modern bathrooms.

Kamping Kottages have more of home's comforts including bathrooms with showers. They have air conditioning, refrigerator, and coffee maker.

The deluxe units also have a kitchenette complete with a 2-burner stovetop, sink, microwave, and a larger refrigerator. *Bed linens and towels are provided in all our Kamping Kottages.*

1-room Kamping Kabin is the budget choice. Sleeping 4, they are a great step up from the challenges of tenting. *Check out our PLUS (+) units which have been upgraded to include TVs, mini-fridges, and more!*

2-room Kamping Kabin, sleeping 6, are designed for the larger family or for folks who simply want more room. *Our PLUS (+) units have an all new interiors complete with TV and mini-fridge.*

Standard Kottages have a bathroom with shower, a futon and a set of bunk beds for sleeping, as well as a TV, mini-fridge and coffee maker. These units sleep 4. *Our PLUS (+) unit is larger and also has a large side deck.*

Deluxe Kottages have a bathroom with shower, a full-featured kitchenette and a TV. Sleeping accommodations include a futon, a double bed, and a single bunk (over the double bed). *PLUS (+) units are larger and also have a large side deck.*
